Join MBHP as we honor the property owners and management companies who provide affordable housing for MBHP tenants!

This year's event will have a "green" theme – from the decorations and tableware to the locally sourced and organic food and drinks.

Mark your calendars and "Go Green" with MBHP on Thursday, March 25! The reception of appetizers, drinks and camaraderie begins at 6 p.m., and the program – including awards to select, outstanding MBHP property owners/managers – begins promptly at 7 p.m.

Our keynote speaker will be James W. Hunt, Chief of Environmental and Energy Services for the City of Boston. In addition to being the city's lead advisor on environmental and energy policy, Hunt also oversees several city agencies including the Inspectional Services Department, the Environment Department, and the city's Recycling Program.
